Independent Auditor's Report

The Board of Directors Greenville Humane Society Greenville, South Carolina

We have audited the accompanying financial statements of Greenville Humane Society, which comprise the statement of financial position as of December 31, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Members American Institute of Certified Public Accountants S.C. Association of Certified Public Accountants The Board of Directors Greenville Humane Society June 24, 2015

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Greenville Humane Society as of December 31, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

Note 1 – Summary of Significant Accounting Policies

Organization – The Greenville Humane Society (the "Society") was organized under the laws of the State of South Carolina in 1930 as a tax-exempt, not-for-profit organization to provide proper and effective means for the prevention of cruelty to animals.

The Society's purposes are accomplished through various programs which include providing animals for public adoption and offering low cost animal spay and neuter surgeries, as well as low cost vaccines to the general public. The Society is supported through investment income on endowed assets, contributions from the general public and from fees charged to the general public for services performed.

Basis of Accounting and Financial Statement Presentation – The financial statements are prepared using the accrual basis of accounting whereby revenues are recognized when earned and expenses are recorded when incurred.

The Society's financial statements are presented in accordance with FASB ASC 958-205 Not-For-Profit Presentation of Financial Statements.

In accordance with FASB ASC 958-205, the Society is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Society is required to present a statement of cash flows.

Unrestricted Net Assets

Unrestricted net assets are those currently available for use by the Society.

Temporarily Restricted Net Assets

Temporarily restricted net assets are grants and contributions whose use is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Society pursuant to these stipulations.

Permanently Restricted Net Assets

Permanently restricted net assets are grants and contributions whose use is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by the Society's actions.

Contributions – Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Society reports that support as unrestricted.

Use of Estimates – The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions related to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may ultimately differ from those estimates. Management believes that these estimates and assumptions provide a reasonable basis for the fair presentation of the financial statements.

Concentration of Credit Risk – The Society maintains cash balances at three financial institutions. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At various times during the year, the Society's bank balances may exceed insured limits. At December 31, 2014, all accounts are fully collateralized.

Cash Equivalents – The Society considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Contributed Services and In-kind Contributions – Local businesses and individuals contribute specific professional services and other items to the Humane Society. The items are reflected in the financial statements only when the donor provides documentation of the fair market value of the contribution.

Beneficial Interest in Perpetual Trust – The Society has beneficial interests in a perpetual trust, which is held by a third party. The Society recognizes contribution revenue equal to its proportionate share of the fair value of the trust assets upon notification and determination that its right to receive benefits under the agreement is unconditional and irrevocable. Changes in the fair value of The Society's interest in the trust assets are reflected as gains or losses in the statement of activities in the period in which they occur. The distributions are recognized as contribution income. Under terms of the trust, the Society is to receive an annual distribution equal to the greater of an amount equal to 5% of the fair market value of assets in the trust, or all the net income of the trust for its unrestricted use.

Investments – Investments consist primarily of assets invested in government and corporate bond funds, equity funds, and money-market accounts. The Society accounts for investments in accordance with FASB ASC 958-320 and subsections. This standard requires that investments in debt securities be measured at fair value in the statement of financial position. Fair value of marketable equity and debt securities is based on quoted market prices. The realized and unrealized gain or loss on investments is reflected in the consolidated statement of changes in net assets.

Property, Plant, and Equipment – Property, plant, and equipment are stated at cost less accumulated depreciation. Depreciation is calculated by applying the straight-line method over the useful lives of the

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

long-lived assets. Useful lives are 7 years on equipment, furniture, and fixtures and from 15 to 25 years on buildings and leasehold improvements.

Asset Capitalization Policy – The Society both purchases goods and receives in-kind donations of goods and services which will benefit more than one fiscal period. Goods purchased or received which have a cost of less than \$500 on an individual basis or less than \$1,000 on an aggregate basis for like-kind items are expensed in the respective period(s) the expenses occur.

Promises to Give – Promises to give represent the amount of unconditional promises to give expected to be collected during the next two fiscal years. In accordance with FASB ASC 958-605, the promises to give have been discounted to present value using a 5% discount rate. The current portion of the receivable of \$41,287 represents the amount of unconditional promises to give expected to be collected during the next fiscal year. The non-current portion of the receivable of \$6,549 represents the amount expected to be collected in 2016.

Income Tax Status – The Society has obtained exemption from federal income taxes under Section 501(c)(3) of the Internal Revenue Code as an organization which is not a private foundation as well as an eleemosynary corporation recognized in South Carolina. Therefore, no provision for income taxes has been included in the financial statements.

The Financial Accounting Standards Board (FASB) ASC 740-10 prescribes a comprehensive model for how an organization should measure, recognize, present, and disclose in its financial statements uncertain tax positions that the Society has taken or expects to take on a tax return.

In accordance with ASC 740-10, the Society recognizes the tax benefits from uncertain tax positions only if it is more-likely-than-not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The Society's income tax filings are subject to audit by various taxing authorities. Management believes there was no significant impact on the Society's financial statements as a result of ASC 740-10.

Fair Value of Financial Instruments - The carrying values of cash and cash equivalents, promises to give, accounts payable and accrued liabilities approximate fair value because of the terms and relative short maturity of these financial instruments. The carrying values, which are the fair value of investments, are based on values provided by an external investment manager or comparison to quoted market values.

The carrying values of long-term pledges receivable have been discounted to present value using a 5% discount rate. The carrying value of long-term debt approximates fair value based on discounting the projected cash flows using market rates available for similar maturities. None of the financial instruments are held for trading purposes.

Note 2 – Cash, Restricted

As of December 31, 2014, the Society maintained \$26,126 in donor-imposed restricted cash.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

Note 3 – Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, establishes a single authoritative definition of fair value, establishes a consistent framework for measuring fair value in accordance with GAAP, and expands disclosure requirements about fair value measurements. The pronouncement defines fair value and establishes a framework for measuring fair value that includes a hierarchy that categorizes and prioritizes the sources used to measure and disclose fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The hierarchy is broken down into three levels based on inputs that market participants would use in valuing the asset or liability based on market data obtained from sources independent of the Society as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Society has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Inputs refer broadly to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics and other factors. The Society is required by the pronouncement to maximize the use of observable inputs (Levels 1 and 2) and minimize the use of unobservable inputs (Level 3). The Society considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Society's perceived risk of that instrument.

The following table summarizes the valuation of the Society's financial assets and liabilities measured at fair value as of December 31, 2014, based on the level of input utilized to measure fair value:

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

	Level 1		Level 2		Level 3		Total	
Investments		_		_		_		_
Short-term investments								
Money market funds	\$	175,646	\$	-	\$	-	\$	175,646
Debt investments								
Mutual funds		233,344		-		-		233,344
Equity investments								
Mutual funds		797,269		-		-		797,269
Complimentary strategies funds		184,433		-		-		184,433
Broad commodities funds		50,412		-		-		50,412
Real estate investment trusts		116,408		-				116,408
Total investments	\$	1,557,512	\$		\$		\$	1,557,512
Beneficial interest in perpetual trust	\$	-	\$	-	\$	1,389,807	\$	1,389,807

The table below sets forth a summary of changes in the fair value of the Society's Level 3 assets for the year ended December 31, 2014:

	Beneficial interest in			
	perpetual trust			
Fair value as of December 31, 2013	\$	1,409,875		
Change in value of beneficial interest				
in perpetual trust		(20,068)		
Fair value as of December 31, 2014	\$	1,389,807		

The following methods and assumptions were used to estimate the fair value for each class of financial instrument measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Short-term investments - The fair value of short-term investments, consisting primarily of money market funds, is classified as Level 1.

Debt Investments - Investments in fixed income daily traded mutual funds are generally valued based on quoted market prices in active markets obtained from exchange or dealer markets for identical assets and are accordingly categorized as Level 1, with no valuation adjustment applied.

Equity Investments - Investments in equity vehicles are comprised of daily traded mutual funds. Securities held in daily traded mutual funds are generally valued based on quoted market prices in active markets obtained from exchange or dealer markets for identical assets, and are accordingly categorized as Level 1, with no valuation adjustments applied.

Beneficial interest in perpetual trust – The Society's beneficial interests in perpetual trust held by third party is valued using the fair value of the assets in the trust as a practical expedient, unless facts and

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

circumstances indicate that the fair values of the assets in the trust differ from the fair value of the beneficial interests. Perpetual trust held by third party is classified within Level 3 of the fair value hierarchy.

While the Society believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

Note 4 – Investments

Investments are summarized as follows as of December 31:

	2014					
		Cost	F	air Value		
Short-term investments						
Money market funds	\$	175,646	\$	175,646		
Debt investments						
Mutual funds		238,902		233,344		
Equity investments						
Mutual funds		658,279		797,269		
Complimentary strategies funds		182,580		184,433		
Broad commodities funds		65,673		50,412		
Real estate investment trusts		95,400		116,408		
Total investments	\$	1,416,480	\$	1,557,512		

Investment income from cash equivalents and investments is comprised of the following for the year ended December 31, 2014:

			Ten	nporarily			
	Unrestricted		Restricted				Total
Dividends and interest	\$	1,388	\$	25,353		\$	26,741
Realized gains (losses)		-		37,109			37,109
Unrealized gains (losses)		<u>-</u>		(2,012)			(2,012)
	\$	1,388	\$	60,450		\$	61,838

Corresponding investment expenses for the year ended December 31, 2014 were \$21,151.

Investment restrictions and designations at December 31 are summarized as follows:

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

	 2014
Temporarily restricted	
Term endowment funds	\$ 1,557,512
Total investments	\$ 1,557,512

Note 5 – Beneficial Interest in Perpetual Trust

The Society is the income beneficiary of a perpetual trust. The trust fund is held and controlled by a third party trustee. The Society is entitled to a specified percentage, as defined in the trust agreement, of the annual income distributions from the trust. The Society will also be entitled to a specified percentage of the total amount of the corpus assets that will be distributed if the trust is ever dissolved. The Society estimated the fair value of its beneficial interest in perpetual trust at December 31, 2014 is \$1,389,807 and the estimate is based upon the Society's respective interest in the value of the underlying assets held by the trust. The trust consists entirely of marketable equity securities and mutual funds, fixed income securities and temporary cash investments. Distributions from the perpetual trust totaled \$62,500 for the year ended December 31, 2014, and are included in contribution income in the accompanying statement of activities.

Note 6 - Property and Equipment

Property and equipment consists of leasehold improvements, equipment, furniture and fixtures. The following represents property and equipment owned by the Society at December 31:

	 2014
Leasehold improvements	\$ 1,559,927
Machinery and equipment	41,812
Furniture and fixtures	75,788
Construction in progress	31,624
	1,709,151
Less, accumulated depreciation	 (201,997)
	\$ 1,507,154

Depreciation expense for the year ended December 31, 2014 was \$58,774.

Note 7 – Lease Obligations

The Society has entered into a non-cancelable operating lease for the land and building which houses the Society operations. The lease expires in December 2035 and requires monthly payments through the term of the lease.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

Following are operating lease future minimum payments:

Year Ending	
December 31,	
2015	\$ 41,000
2016	47,150
2017	47,150
2018	47,150
2019	47,150
Thereafter	 988,588
Total	\$ 1,218,188

Note 8 - Endowment Assets

At December 31, 2014, the Society's endowment consists of five individual donor-restricted endowment funds. Net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of the Society has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") enacted July 1, 2008 in the State of South Carolina as requiring the preservation of the fair value of the original gift as of the date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Society classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulation of earnings required to be added to the permanent endowment as stipulated by the donor-applicable donor gift instrument.

The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Society in a manner consistent with the standard of prudence prescribed by the Act. In accordance with the Act, the Society considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund.
- 2. The purposes of the Society and the donor-restricted endowment fund.
- General economic conditions.
- 4. The possible effect of inflation and deflation.
- 5. The expected total return from income and the appreciation of investments.
- 6. Other resources of the Society.
- 7. The investment policies of the Society.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

Changes in endowment net assets for the year ending December 31, 2014 are as follows:

	Unrestr	ricted-						
	Boa	rd	Тє	emporarily	Pe	rmanently

				39,299		(20,068)		19,231
Contributions		-		-		-		-
Appropriation of endowment assets	·							
for expenditures				(67,003)				(67,003)
Endowment net assets, December 31, 2014	\$	-	\$	1,557,512	\$	1,389,807	\$	2,947,319

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Society to retain as a fund of perpetual duration. Deficiencies of this nature result from unfavorable market fluctuations and would be included in unrestricted net assets. There were no such deficiencies as of December 31, 2014.

Return Objectives and Risk Parameters

The Society has adopted investment and spending policies for endowment assets that attempt to provide a relatively predictable, stable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets.

Strategies Employed for Achieving Objectives

To address its long-term rate-of-return objectives, the Society relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). At December 31, 2014, \$1,389,807 of the endowment funds are held in perpetual trust, the investment of which is determined by the trustee rather than the Society.

Endowment Investment and Spending Policies

The Society's spending policy appropriates for distribution each year a certain percentage of its endowment funds' average fair value for the prior three years through the fiscal yearend preceding the

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

fiscal year in which the distribution is planned. In establishing this policy, the Society considered the expected return on its endowment. The goal of such spending policy is to allow the endowment to maintain its purchasing power, achieve a reasonable degree of stability and predictability in income availability for operations and to achieve a balance between present and future needs. Real growth is achieved through new gifts and any excess investment return.

Note 9 – Net Assets

Description of amounts classified as permanently restricted net assets and temporarily restricted net assets is as follows:

	 2014	
Permanently restricted net assets:		
The portion of endowment funds that is required to be retained		
permanently either by explicit donor stipulation or by UPMIFA		
Beneficial interest in perpetual trust	\$ 1,389,807	
Total permanently restricted net assets	\$ 1,389,807	
	 2014	
Temporarily restricted net assets:	 _	
The portion of endowment funds subject to a time restriction either by		
explicit donor stipulation or under UPMIFA:		
With purpose restrictions for spending	\$ 1,557,512	
Total endowment funds classified as temporarily restricted net assets	1,557,512	
Capital Campaign:	 	
Cash and cash equivalents	26,126	
Promises to give	 47,836	
Total Capital Campaign temporarily restricted net assets	 73,962	
Total temporarily restricted net assets	\$ 1,631,474	

Note 10 – Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, all costs have been allocated among the program and supporting services benefited.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014

Note 11 – Risk and Uncertainties

The Society's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Note 12 – Subsequent Events

Subsequent events have been evaluated through the date of the auditor's report, which is the date the financial statements were available to be issued.
